Control-her-Toy !

Revolution in Cybersex: Satisfy women through the web.

On the global control-her-toy group, visitors can pleasure their favorite camgirls by steering their toys electronically.

Once logged in, visitors can handle the camgirls' toy via a clear interface. They are enabled to stimulate her senses through switches like "Rabbit" and "Shaft".

Moreover it contains predefined settings like "Mindstorm, Orgasmic and RollarCoaster" that will take her beyond any boundary.

The ControlherToy group uses the Patented Simulate Technology to enrich her Live Video Chat technology.

Featured on; TechTV, Playboy radio, Wired.com, and more.

Get information on how it exactly works on one of our following sites:
